Verse 2

Did you ever stop and wonder
Why the crickets sing at night,
And glowworms give their little light
Like stars among the grass?
And when we make music on the front porch,
How a song can ease the pain,
Heal the soul like a summer rain,
Make us whole again, **Chorus**

So when you stop and you look around,
This is what you're gonna see,
There's angels everywhere
Here for you and me,
And likewise on a lonely night
When I look in your eyes,
I see an angel smiling at me, / Loving and wise, **Chorus**
