

Window Open Wide © 1997 Cynthia Crossen **key of E**

E *Asus* *E* *A sus*
Can I open this window inside?

E *Asus* *E*
Can I open this heart and let you be my guide?

Chorus

Asus B E
Let me be a window open wide,

Asus B E
Let me be a window you can pour inside,

Asus B E
Let me be a window open to it all,

Asus B E
Let me be a window and let me hear your call.

Can I stay with myself when I fall?
Tender and aching and open to it all? **Chorus**

Always I dwell in the very heart,
Deep in the vastness of your moon and stars, **Chorus**

Can I open this window inside?
Can I open this heart and let you be my guide?
Chorus (2X, last line last time, half time)
