    May I walk with loving kindness, **Bm - C**

Loving kindness light my way. (2x) **G - D - Em - C / G - D - G**

May I understand your suffering, and see your truth come shining through,

May my heart be open to it all,

May my songs express my love for you.

    May I sing with loving kindness,

    May I hear with loving kindness,

    May I give with loving kindness,

Loving kindness light my way. (2x)

May we all discover that we are all children of God,

May we walk gently upon this earth,

May we change our world with love.

    May we see with loving kindness,

    May we touch with loving kindness,

    May we dream with loving kindness,

Loving kindness light our way. (2x)

May we build strong bridges where heart to heart we can meet,

May we honor our different paths

May we find the peace that we seek.

    May we meet with loving kindness,

    May we pray with loving kindness,

    May we live with loving kindness,

Loving kindness light our way.

May we walk with loving kindness,

May we give with loving kindness,

May we touch with loving kindness,

Loving kindness light our way. (3x)
